ATLAS EXCAVATION, INC.

North-West Engineering Co., Inc. has served as the Design and Construction Supervision Engineer of the following projects for which Atlas Excavation, Inc. of Frankfort, Indiana was the general contractor. Projects include:

<u>Project</u>	<u>Owner</u>	<u>Value</u>
GSD Project 91-GG/3, Black Oak Sanitary Interceptor Sewer & Pump Station Contract Let: 1993	Gary Sanitary District, Gary, IN.	\$3,000,000 +
Burr Street Improvement Project, Phase I Storm Water Sewer & Pump Station Contract Let: February 1997	City of Gary/ INDOT Contract #R-22768-A	\$3,000,000 +
Burr Street Improvement Project, Phase II Street Improvement & Bridge #218 Contract Let: April 1998	City of Gary & Lake County Hwy Dept. INDOT Contract #R-23716-A	\$3,000,000 +

I have worked with Atlas Excavation as the general contractor on the above projects. I have found their work to be timely, their workmanship professional and we had no problems on the jobs. Atlas Excavation was an INDOT pre-qualified firm and we highly recommend them for future contracts. If there are any questions, we would be happy to respond.

Very truly yours,

Aravind Muzumdar
ARAVIND MUZUMDAR, P.E.,
President
