Gentleman,

On behalf of RMT Windconnect I wanted to take this opportunity to thank you and your organization for successfully performing the work in conjunction with Business Transportation Solution, Inc. to deliver and stake drop 154 steel poles for the Fowler Ridge Wind Farm Transmission Project. A special thanks to Herb Johnson, Brian Prickett and Curtis Hamm for performing this work safely and without incident. Their dedication and perseverance is what played a key roll in the success of completing this project on time and made it a successful portion of this project.

Again thank you and I look forward to working with you in the future.
