

Dallas, Excavating
Mr. Jerry Dillion,

I am writing in regards to
the employees you have working
for you at this time in Harmony, TX.

I just wanted to let you know
that your employees respect your
company very much. I own a
childcare facilities, and I'm
located on a main road in
which the men have had a
lot of work on this road. I
am sure this has not been
the most easiest place to work.

I'm sure that they've had
a lot of people telling them
how to do their job. They have
made it easy for my parents
to come and go while they were
working at my business sight.

I have around 40 to 60
cars a day in and out
because I am a 24 hour
service.

When working in front of
one of my buildings the small
children would stand and watch
the men working. Your employees
always take the time to smile
and wave to them. I can't begin
to tell you how much this
meant to them. Now when the
grow up they all want to drive
big trucks and dig big holes.
So all in all I just want

to let you know they were
very appreciated while working
here at my business sight.
